MINUTES

Dave Filipuzzi

Moved the minutes from June 25, 2025, be adopted as circulated.

Carried. 07.23.25-2430

MANAGER'S REPORT

- MSW remains busy, the rain has made it difficult, but we have plans in place now to deal with the high moisture times, so we did not have to turn anyone away.
- The new MSW cell is off to a slow start as an employee with AEP had an emergency and our file was passed off. We are awaiting the approval to come in so we can start construction.
- Industrial cell has slowed down as the big job we had has been put on hold, it has been slower then usual for this time of the year.
- The new pump and water line have been installed and hopefully with weather cooperating we will finish the tie ins this week and the new system will be up and running.
- The new scale continues to move forward, drywall is up and sanded, they are scheduled to start painting next week, then flooring plumbers and electricians can do the finishing touches.
- Recycling in the Crowsnest has now entered into an agreement with the Landfill and circular material. CNP will lease the 3 sites to the landfill and then charge Circular Material the lease back to them. Recycling itself has not changed, the Coleman and Blairmore bins were full of garbage after Sinister Seven and took allot of extra sorting.
- Recycling from the Eco remains flawless, no issues and has become very busy, as many as 300 people a day.
- Training with some of the employees continues as we are trying to get a few more trained on all the pieces of equipment we have.

Tony Bruder

Moved the Manager's report be adopted as presented.

Carried. 07.23.25-2431
