Carried. 03.25.26-2502

MINUTES

Tony Bruder

Moved the minutes from Feb 25, 2026, be adopted as circulated.

Carried. 03.25.26-2503

MANAGER'S REPORT

- MSW has picked up again as the weather is milder than usual this time of year. The winds have been hampering us; we have had to shut down a few times already this month including 2 days in a row.
- Western tank and lining were able to get the liner patched, meanwhile we hauled tire shred and were able to secure the liner where needed.
- Q&M is hauling six days a week. We have been steady at placing it to the old cell so we can complete it and cap it off and submit to AEP. This will significantly lower the amount of leachate produced once its capped.
- The new scale software and scale seem to be fixed with no new issues to report.
- The new employee is doing well; she is already running the MSW by herself and been trained on an articulating Cat truck. She will soon start going out on the roll off trucks to learn the routes and how we do things.
- We are waiting on Tetra Tech to finish the ground water report so we can submit our annual report as well as our licence renewal report.

- I've had several talks with Circular materials over the past few weeks including a zoom meeting with all their managers, I expressed my displeasure on what their plan would eliminate here. After some back and forth I pointed out they had never even seen our site, they saw my points and are now coming to tour not only our site, but the sites that we service and how its done.
- As per our talks we at the landfill have started taking more products again and recycling them. Circular was very helpful in this regard to find places for the recycling to go.
- The metal recycler came to bale all our metal on site; she should be done by months end. Recycling the metal usually takes about 2-3 weeks and gives us the space for the current years metal.
- Recycling at the Eco Center continues to run issue free.
- Crowsnest Pass recycling is a little better.
- The new board room is working out very well. Its has that professionalism feel.

Katerina Bunyan

Moved the Manager's report be adopted as presented.

Carried. 03.25.26-2504

FINANCIAL REPORT

Landfill Administrator provided the Income Statement/Balance Sheet and Budget to Feb 28, 2026
